

VIVITROL NOTICE

YOU ARE RECEIVING THIS NOTICE BECAUSE YOU ARE A VIVITROL PATIENT OF CLEANSLATE CENTERS. THIS INFORMATION HIGHLIGHTS CLEANSLATE'S POLICY ON VIVITROL. READ IT CAREFULLY. THIS NOTICE IS SUBJECT TO CHANGE.

WHAT IS VIVITROL?

Vivitrol (naltrexone) blocks the effects of narcotic medicines and alcohol. The Vivitrol injection is used to treat addiction to alcohol or narcotic drugs. It is also used to prevent narcotic addiction relapse.

HOW IS VIVITROL INJECTION USED?

Vivitrol is injected into a muscle. Vivitrol must be managed and administered by a healthcare professional in a clinical environment. CleanSlate will never give a patient Vivitrol to take home.

WHAT OTHER DRUGS EFFECT VIVITROL?

The pain-relieving effects of any narcotic pain medications you use will be blocked if you use them during your treatment with Vivitrol. Harmful side effects could also occur. Other drugs may interact with Vivitrol, including prescription and over-the-counter medicines, vitamins, and herbal products. Tell your CleanSlate Provider about all medicines you use now and any medicine you start or stop using. *See your patient Vivitrol packet for more information about Vivitrol.*

WHAT HAPPENS IF I MISS A VIVITROL DOSE?

Call your CleanSlate Provider for instructions if you miss an appointment to receive your Vivitrol injection.

WHAT HAPPENS IF I AM DISCHARGED OR DISENROLLMENT FROM CLEANSLATE?

Whether you are voluntarily or involuntarily discharged or disenrolled, CleanSlate will hold a Vivitrol injection for five (5) business days. If you would like to receive the Vivitrol injection, you will have to contact CleanSlate's Call Center at (413) 341-1787 within five (5) business days of discharge or disenrollment to schedule your Vivitrol injection.

If you do not contact CleanSlate within five (5) business days after your discharge or disenrollment, the Vivitrol injection will no longer be available to you. CleanSlate will assume you no longer want the Vivitrol injection and will dispose of the Vivitrol injection.
